

**Another great advantage of belonging to a company like LOGESTA**

Dear friend:

We are aware that the current economic climate is hitting people's pockets hard. That is why at Logesta we are working harder than ever to achieve substantial savings for our partners.

To continue growing with companies like yours, we are negotiating with our providers in order to obtain special discounts. To our providers LOGESTA represents a guarantee of great sale potential. This means that they are willing to tighten up their rates to the maximum which in turn allows us to offer you great discounts.

To this we must add a credit at no additional cost. We make the payment in advance and then take it off your next invoice.

**Don't let this opportunity pass you by!**  
**You will make considerable savings in your next purchase and you will be financed!!** Because we want you to grow with us.
